Thanks Lucita.

Valois: I can review after you complete your additional edits, etc.

I added a couple of bullets on NHPA basics, so probably did not make it any shorter. We could cover that in the briefing if you'd rather.

I was able to cut about 1.5 pages. The NHPA and the well classification section are about 2 pages together. She used a different format for Issue 4, but I just left it that way and worked with it. You might want to view the no markup, or just accept all of them. - Lucita
